

PORTE BLINDATE A TAGLIO TERMICO
THERMAL BRAKE SECURITY DOORS

AIKOS
ARCHITETTURE D'INGRESSO

Inizia la rivoluzione termica.

Efficienza energetica dalla soglia di casa.

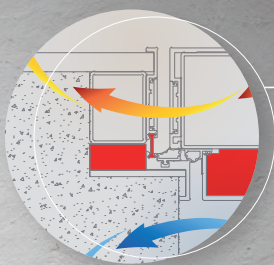

The thermal revolution begins.
Energy efficiency from the threshold.

Il design della porta resta immutato.

The design of the door has not
been changed.

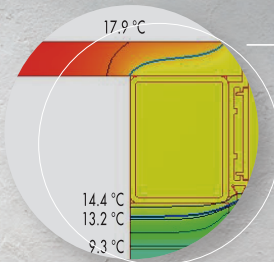

Telaio e anta della porta a taglio termico.

Heat-barrier frame
and leaf.

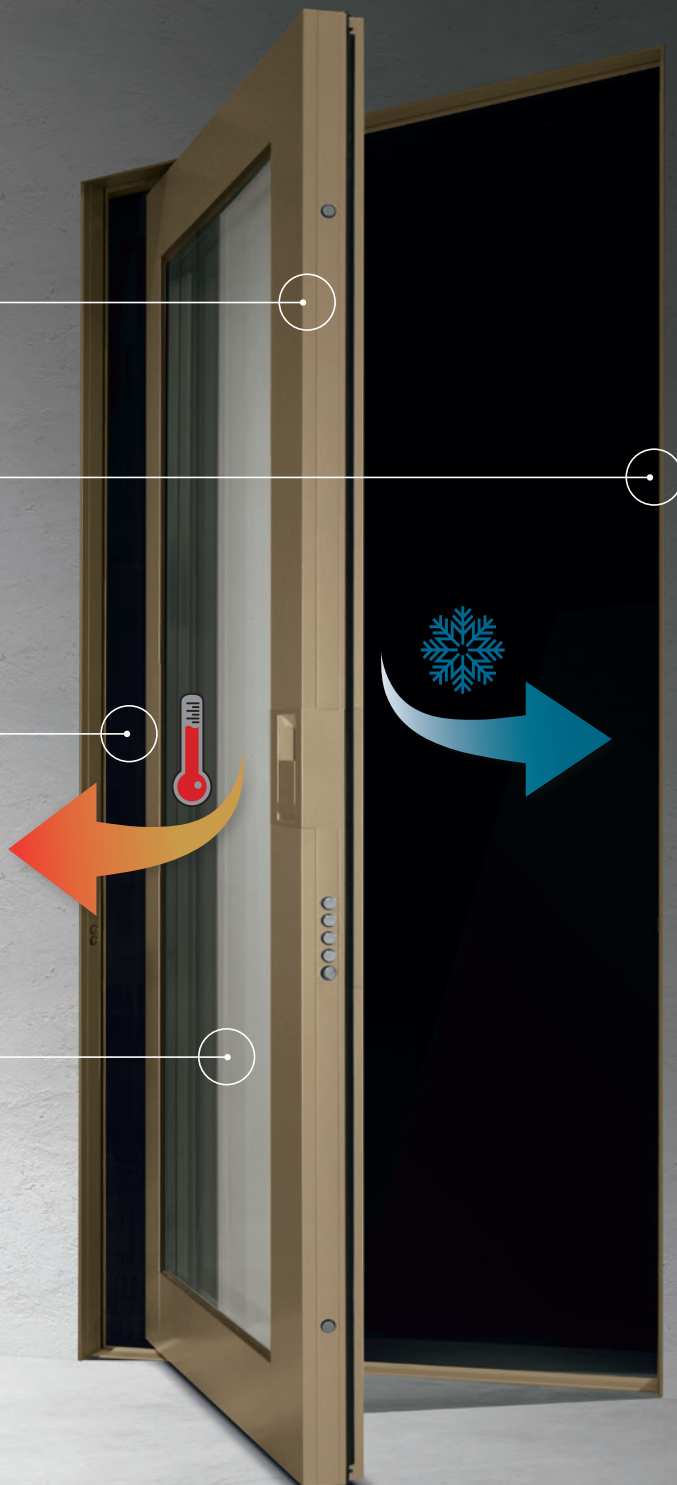

Aumento esponenziale dell'isolamento termico.

Exponential increase
of the thermal
insulation.

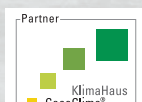

Radicale riduzione della formazione di condensa.

Significant reduction
of condensation.

CasaClima Partner
